## EDUCATION

August 2019 – Current

### Applicant for Bachelor in Technology and Design

*University of Colorado at Boulder, ATLAS Institute*

Learning design applications including graphic design, UX design, web design, 3d modeling, and more. Good problem solving and calculus background from Physics Classes.

May 2018 – July 2018

### Introductory Physics

*University of California, Los Angeles*

Took an accredited physics course to explore my interests in the field.

## EXPERIENCE

June 2021 – August 2021

### Standard Architecture, Graphic Design & Modeling Intern

*Los Angeles, California*

Layed out client presentations and award submissions, edited project photos in Photoshop, organized client moodboards, made graphics in Illustrator, and modeled view studies in Rhinoceros.

May 2019 – July 2019

### Standard Architecture, Archive Management & Web Design

*Los Angeles, California*

Designed and updated portions of the website, edited project photos in Photoshop, took inventory and ordered new supplies, and acted as a general office assistant.

Summer 2016 & 2017

### Camp Counselor at The Art Grist

*Los Angeles, California*

Acted as a general camp counselor, helped students with their art projects, organized materials, assisted teachers.

## SOFTWARE

Programs:
